Labels Limited

welcome

End to End Labels Limited was founded in April 1978. In the two weeks prior to setting up the company our Chairman Maurice Bird chose to cycle from Lands End to John O'Groats raising money for the British Kidney Patients Association.

The Lands End to John O'Groats journey is known by all who take part as the 'End to End Run' - an ideal name for a company when you consider the original aim was much the same as it is today - to supply labels from one end of the British Isles to the other.

The year 2001 saw us settling into our new purpose built premises - an eye catching factory and office unit in a prominent position on the Spilsby, Vale Road Industrial Estate. The move to our new premises enabled us to increase output and made us even more efficient resulting in more competitive prices and quicker delivery.

This brochure gives details of the immense product range available from our company. The fact we can supply small, medium and large quantities is due to our shrewd long term planning.

Remember we are happy to supply from one to one million labels!
Don't Delay our sales team are waiting for your call.....
